EDUCATION AND ACADEMIC APPOINTMENTS

Princeton University, Postdoctoral Research Associate (2024 – Present)

Pennsylvania State University, Ph.D., Biology (2018 – 2023) Dissertation: Quantitative Approaches to Improve the Management of Infectious Disease Outbreaks

College of Wooster, B.A., Mathematics and Philosophy (2013 – 2017) Summa Cum Laude Undergraduate Thesis: On Rationality and Morality: Three Kinds of Approaches

Technical documents

Coauthor on COVID-19 Scenario Modeling Hub Reports rounds 5-17; reports are provided to the U.S. Centers for Disease Control (CDC). Results have supported key pandemic decision-making, including

- 1. Informed U.S. Centers for Disease Control (CDC) Advisory Council on Immunization Practices (ACIP) recommendation for vaccination in 5-11 year old children, including results in <u>Evidence to</u> recommendations framework (p. 10)
- 2. Informed U.S. CDC ACIP recommendation for booster shots in Fall 2022, including results in <u>Evidence</u> to recommendations framework (p. 49-52), <u>MMWR publication</u>, and corresponding <u>coverage in the</u> <u>New York Times</u>

AWARDS

2018-2023	Inaugural Eberly College of Science Barbara McClintock Science Achievement	
	Graduate Fellow	
2023	Penn State University Alumni Association Dissertation Award	
2022	<u>Global Winner</u> , Earnst & Young Building a Better Working World Data Challenge	
2021	Peter J. Hudson Best Student Paper Award	
	Jeanette Ritter Mohnkern Graduate Student Scholarship in Biology	
2020	National Science Foundation Graduate Research Fellowship, Honorable Mention	
2018	University Graduate Fellowship	
	NCAA Post-Graduate Scholarship Recipient	
2017	National Science Foundation STEM Scholar (2015-2017)	
	Women's Golf Coaches Association All American Scholar (2015-2017)	

William A. Galpin Award for General Excellence in College Work David A. Guldin Award in Physical Education John F. Miller Prize in Philosophy William H. Wilson Price in Mathematics

- 2016 Edward Taylor Prize in Mathematics
- 2015 Andrew D. Cronin Emerging Leader Award Lyman C. Knight Sr. Prize in Mathematics and Physical Education

SERVICE AND LEADERSHIP

Princeton University

2024-Present	Member, Ecology and Evolutionary Biology Climate Committee for All
2024-2025	Member, Epidemics ¹⁰ Scientific Advisory Committee
2023-2023	Mentor and Application Review Committee Member, EEB Scholars Program

Pennsylvania State University

2020-2023	Member, Eberly College of Science Climate and Diversity Committee	
2022	Project mentor, MIDAS Network/Harvard CCDD Conference to Increase Diversity in	
	Mathematical Modeling and Public Health (including pre-conference workshop on effective	
	teaching practices)	
2020-2021	Co-president, Center for Infectious Disease Dynamics Graduate Student Association	
2019	Co-designer and co-leader, Girl Scout Workshop	
	Mentor, First Generation Advocates, Penn State University	
	Volunteer, Discovery Space, State College, PA	

GRANTS AND FUNDING

Center for Infectious Disease Dynamics Graduate Student Association Travel Grant. 2021. \$1,000.

- National Science Foundation Research Experience for Undergraduates (NSF-REU) Supplement to the EEID grant "US-UK Collab: Adaptive surveillance and control for endemic disease elimination" (PI: Matthew J. Ferrari). National Science Foundation. 5/1/2022-8/1/2022. \$7,000. With Katriona Shea (co-PI), I advised La Keisha Wade Malone to write this proposal to fund a second summer of her research projection.
- National Science Foundation Research Experience for Undergraduates (NSF-REU) Supplement to the EEID grant "US-UK Collab: Adaptive surveillance and control for endemic disease elimination" (PI: Matthew J. Ferrari). National Science Foundation. 5/1/2020-8/1/2020. \$6,000. With Matthew J. Ferrari (PI) and Katriona Shea (co-PI), I helped write and was the named graduate student on this grant to mentor an undergraduate student in summer research.
- Embracing uncertainty in COVID-19 management (PI: Katriona Shea). Huck Institutes of the Life Sciences Coronavirus Research Seed Fund (CRSF). 3/11/2020 - 3/10/2021. \$73,785. With advisor Katriona Shea, I co-wrote and was the named graduate student on this grant.

PRESENTATIONS

(* denotes presenter)

Invited oral presentations

- Models of infectious disease dynamics: Making predictions to support public health response. E Howerton*. Department of Biology and Environmental Data Science Seminar, James Madison University. April 11, 2025.
- Multi-model scenario projections to support public health in real time: challenges and opportunities from the US Scenario Modeling Hubs. E Howerton*. Disease Decision Analysis & Research Group, US Geological Survey. February 10, 2025.
- Informing public health response in the face of uncertainty: Lessons from the US Scenario Modeling Hub.
 E Howerton* C Viboud, and J Lessler on behalf of the COVID-19 Scenario Modeling Hub. Isaac Newton Institute Modelling and inference for pandemic preparedness - a focussed workshop. August 5-9, 2024.
- Synergistic interventions to control COVID-19. E Howerton*, MJ Ferrari, ON Bjørnstad, TL Bogich, RK Borchering, CP Jewell, JD Nichols, WJM Probert, MJ Tildesley, MC Runge, C Viboud, and K Shea. Joint Mathematics Meetings. Invited oral presentation. April 6-8, 2022.
- Synergistic interventions to control COVID-19. E Howerton*, MJ Ferrari, ON Bjørnstad, TL Bogich, RK Borchering, CP Jewell, JD Nichols, WJM Probert, MJ Tildesley, MC Runge, C Viboud, and K Shea. Department of Biology, Pennsylvania State University. Invited oral presentation by the Jeanette Ritter Mohnkern award winner. August 24, 2021.

Oral presentations

- 6. Community dynamics of human respiratory pathogens: the HMPV story. **E Howerton***. Department of Ecology and Evolutionary Biology, Princeton University. February 7, 2025.
- 7. Modeling the impact of RSV interventions on hMPV burden and dynamics. **E Howerton*.** Fogarty International Center EPS Modeling Seminar, National Institutes of Health. October 16, 2024.
- 8. An introduction to Human Metapneumovirus. **E Howerton***. Life course immunity: a multi-pathogen perspective. February 9, 2024.
- Informing pandemic response in the face of uncertainty: An evaluation of the US COVID-19 Scenario Modeling Hub. E Howerton*, C Viboud, and J Lessler on behalf of the COVID-19 Scenario Modeling Hub. Epidemics9. November 28, 2023.
- What does it mean to evaluate a scenario projection? Lessons from the COVID-19 Scenario Modeling Hub. **E Howerton***, J Lessler, C Viboud on behalf of the COVID-19 Scenario Modeling Hub contributors. Royal Society meeting on forecasting infectious disease incidence. March 15, 2023.
- Collaborative open hubs for infectious disease modeling. C Viboud*, E Howerton, A Vespignani, J Lessler, on behalf of the COVID-19 Scenario Modeling Hub and Ebola Forecast Challenge contributors. Royal Society meeting on forecasting natural and social systems. March 14, 2023.
- 12. Optimizing management decisions for control of infectious disease outbreaks. **E Howerton*** Northeastern University. February 6, 2023.
- 13. A look back at fifteen rounds of SMH: Evaluation. **E Howerton*** COVID-19 Scenario Modeling Hub Meeting 2022 – Past, Present, and Future of Scenario Modeling for the US. September 14, 2022.

- 14. Looking back at one year of the COVID-19 Scenario Modeling Hub. **E Howerton***, on behalf of the COVID-19 Scenario Modeling Hub Team. MIDAS Annual Meeting. September 8, 2022.
- 15. Misapplied management makes matters worse: Spatially explicit control strategies that leverage biotic interactions may more effectively prevent invader spread. **E Howerton***, T Langkilde, and K Shea. August 17, 2022.
- How to get the best out of multiple disease models. E Howerton*, MC Runge, TL Bogich, RK Borchering, H Inamine, J Lessler, LC Mullany, WJM Probert, CP Smith, S Truelove, C Viboud, K Shea. Ecology and Evolution of Infectious Diseases. June 6-9, 2022.
- 17. Scenario Modeling Hub round 13 preview and evaluation. J Lessler^{*} and **E Howerton^{*}** on behalf of COVID-19 Scenario Modeling Hub. United States Centers for Disease Control Council of State and Territorial Epidemiologists. April 5, 2022.
- Comparing aggregation methods for COVID-19 Scenario Modeling Hub. E Howerton* COVID-19 Scenario Modeling Hub Weekly Meeting. June 18, 2021.

Poster presentations

- 19. Cross-protection and the lags between RSV and Human Metapneumovirus outbreaks. **E Howerton***, TC Williams, J-S Casalegno, CJE Metcalf, SW Park, BT Grenfell. Ecology and Evolution of Infectious Disease Dynamics. June 25, 2024.
- Informing pandemic response in the face of uncertainty: An evaluation of the US COVID-19 Scenario Modeling Hub. E Howerton*, K Shea, C Viboud, and J Lessler on behalf of the COVID-19 Scenario Modeling Hub. Ecology and Evolution of Infectious Disease Dynamics. May 23, 2023.
- 21. Theory of combining probabilistic projections with applications in epidemiology. **E Howerton***, MC Runge, TL Bogich, RK Borchering, H Inamine, J Lessler, LC Mullany, WJM Probert, CP Smith, S Truelove, C Viboud, K Shea. Epidemics8. Poster. November 29 December1, 2021.
- Synergistic interventions to control COVID-19: mass testing and isolation mitigates reliance on distancing. **E Howerton***, MJ Ferrari, ON Bjørnstad, TL Bogich, RK Borchering, CP Jewell, JD Nichols, WJM Probert, MJ Tildesley, MC Runge, C Viboud, and K Shea. Ecology and Evolution of Infectious Diseases. Poster. June 14-17, 2021.

TEACHING

Penns	ylvania State University	
TA	Ecological and Environmental Problem Solving	Spring 2020, Spring 2021
Colleg	e of Wooster	
TA	First Year Seminar	Fall 2014, Fall 205
	Calculus with Algebra A	Fall 2014, Fall 2015, Fall 2016
	Calculus with Algebra B	Spring 2015, Spring 2016, Spring 2017
	Logic & Philosophy	Spring 2015
Tutor	Math Center (Pre-calculus – Calculus III)	Spring 2015 – Spring 2017

MENTORSHIP

Emily Zhang (fall 2025 – present), Catalina Posada (spring 2024 – fall 2024); La Keisha Wade-Malone, NSF-REU funding (summer 2021 – fall 2022)

WORKSHOP PARTICIPATION

- Isaac Newton Institute "Modelling and inference for pandemic preparedness a focused workshop". University of Cambridge. August 5-9, 2024. Invited and funded participant.
- Communication Arts & Sciences Summer Symposium "Viral Movements". Pennsylvania State University. May 15-16, 2024. Invited and funded participant.
- The Royal Society Satellite Meeting "Forecasting infectious disease incidence for public health". Royal Society, London, UK. March 15-16, 2023. Invited and funded participant.
- Ecology and Evolution of Infectious Disease Dynamics Workshop "Pandemic Scenario Modeling and Science Communication". June 3-6, 2022. Invited and funded participant.
- American Mathematical Society "Dynamics of Infectious Diseases: Ecological Models Across Multiple Scales" Mathematics Research Community. May 30-June 5, 2021. Invited and funded participant.
- National Science Foundation "Advancing Ecological Theory" workshop. Pennsylvania State University. October 23-25, 2019.

PROFESSIONAL MEMBERSHIPS
